MEMORANDUM FOR: The Honorable Zbigniew Brzezinski
Assitant to the President for
National Security Affairs

SUBJECT : Senate Select Committee on Intelligence
Report

1. Attached hereto are comments by CIA on the Senate Select Committee on Intelligence report entitled "Activities of 'Friendly' Foreign Intelligence Services in the United States." We believe that the study is a balanced and professional piece of work but have serious doubts about the report's recommendations. To do what the Senate suggests would increase CIA's workload and would also make our operations overseas more difficult.

2. Recognizing that the KCIA example was an egregious one which should not have been permitted, we suggest that the intelligence community issue an "alert memorandum" when reporting indicates that a nominally friendly foreign intelligence service has embarked on a course of action which is genuinely threatening to U.S. interests.
